9000 - 12/2020

I Campioni colore ed applicazione reale da intendersi indicativi in quanto la condizioni della parete possono comportare variazioni di tono, senza per questo assenare oggetto di contestazioni.
Les échantillons de couleurs et d'application réelle sont à considérer comme indicatifs car les conditions du mur peuvent entraîner des variations, sans que cela fasse objet d'une controverse.
Die Farbmuster und die reale Anwendung sind als Richtwert zu betrachten, da die Wandverhältnisse individuell sind, können zu variationen führen, ohne dass dies kommentiert wird/regen.
